Delivering unique value by seamlessly integrating advanced technologies into a cohesive, outcome-driven security solution:

- **Proprietary Microsoft Security Assessment**: Vertek Reviews and Designs Purpose-Built XDR controls
- **Halcyon's Anti-Ransomware Platform**: Natively integrates Ransomware Protection and Recovery
- **24x7 Managed SOC**: Energized by AI, coupled with innovative coding and SOAR, Vertek provides fast response
- **Data-Based Decisions:** Capturing key security data points and metrics to continuously improve security
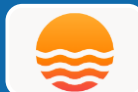

Turn your Microsoft Investment into a Fully Managed 24x7 Defense Platform- Backed by a Ransomware Warranty

- **Seamless Integration**: Vertek Unites Microsoft and Halcyon technologies into a cohesive defense platform
- **Maximized Investment**: Enhances the value of existing Microsoft licenses with expert monitoring and rapid response
- **Collaborative Approach**: Works in harmony with in-house IT teams and managed service providers (MSPs)

Microsoft Defender XDR Security Ecosystem

Identity Access Management
Device Management
Endpoint Protection
Email and Messaging Security
